Payment Method & Schedule

Payment Method (check one):

☐ Direct Deposit
☐ EFS
☐ COD

Payment Schedule (check one):

☐ Daily
☐ Weekly
☐ At the End of the Lane

Note: If payment is to be made via **EFS** or **Direct Deposit**, the carrier must provide a **voided check** along with the **signed contract** and **W9 form** before setup is considered complete.

5. Security Deposit

- The carrier shall pay a security deposit of **$199** while setting up with the broker for using the MC number. This is a refundable deposit that will be returned to the carrier upon successful completion of the contract. If the agreement is terminated before completion, the deposit may be forfeited at the broker's discretion.

6. Additional Conditions

- **Carrier Setup Requirement:** The carrier must complete the full setup process, including submission of all required documents, **at least 2 business days before** the start date of the lane.
- **Failure to Start After Signing:** Once this agreement is signed, if the carrier is unable to start the lane for any reason, the broker is authorized to take legal action against the MC number of the carrier. In such cases, the carrier shall be liable to pay a **penalty of $150** to the broker.

7. Terms & Conditions

- Regulatory Compliance: All parties must comply with all applicable FMCSA and DOT regulations, safety guidelines, and legal requirements at all times. The carrier is responsible for maintaining valid operating authority, insurance filings, and safety ratings.
- Equipment Standards: The carrier shall ensure that all equipment used is in safe, roadworthy condition, meets DOT inspection standards, and is appropriate for the type of cargo being transported.
- Insurance Requirements: The carrier must maintain active liability, cargo, and, if applicable, reefer breakdown coverage as per federal and contractual requirements. Proof of coverage must be provided upon request.
- Communication & Updates: The carrier must maintain open communication with the broker and provide status updates for each load, including pickup and delivery confirmations. Any delays or issues must be reported immediately.
- Cargo Handling & Responsibility: The carrier is responsible for the safe transport of goods, preventing damage or loss, and ensuring cargo is properly secured in accordance with FMCSA cargo securement rules.
- Confidentiality: The carrier shall not disclose any broker, shipper, or consignee information to third parties without written consent from the broker.
- Non-Circumvention: The carrier agrees not to solicit or accept freight directly from any shipper, consignee, or customer introduced by the broker during this agreement and for a period of 12 months thereafter.
- Documentation: All bills of lading, proof of delivery, lumper receipts, and other required documents must be submitted to the broker within 24 hours of load delivery unless otherwise agreed in writing.
- Dispute Resolution: Any disputes arising under this agreement shall be resolved in accordance with the governing laws of the broker's home state. Parties agree to attempt mediation before initiating legal action.
- Rate Confirmation & Driver's Sheet: The rate confirmation and driver's sheet will be provided to the carrier one (1) day before the scheduled pickup date. No information will be provided until the carrier has completed the full setup process.
- **The broker will provide no information of any kind to the carrier until the carrier has completed the full setup process**.

6. Agreement Summary
